1. INTRODUCTION & SCOPE

The Education and Literacy Department, Government of Sindh, invites Shortlisting Applications from Prospective Bidders for undertaking the Program involving the management and operation of public schools in the Province of Sindh.

2. PROGRAM DESCRIPTION

2.1 GENERAL

2.1.1 In order to improve the standard of education in the province of Sindh, the Government, acting through the Authority, envisages a Public Private Partnership model, for the introduction of EMOs in Sindh. The EMO program is for public sector schools, facilities and institutions. The Government aims to contract credible EMOs from the private sector to manage and improve the functioning of public schools, facilities and institutions by introducing innovations, modernizing the education system, addressing management gaps, maintaining and upgrading of facilities, infrastructure development and cooperatively working with teachers, schools' staff, school management committees, surrounding communities and local tiers of the Education and Literacy Department.

2.1.2 The Program is an important part of the Government's strategy towards developing Sindh's education sector and improving the literacy rate. In 2013, the Government of Sindh passed the Sindh Right of Children to Free and Compulsory Education Act in compliance with Article 25-A of the Constitution of Pakistan. The legislation has placed a renewed obligation on the Government of Sindh, to take steps to address the weak performance of the education sector. Accordingly, the public schools managed and run by the EMOs will function under the given constitutional provision and the aforesaid Act passed thereafter. The education in such public schools will remain free of charge for all the students.

2.1.4 The Authority's key objectives for the Program include:

- (i) Improving the functioning of public schools through innovation and modernization of the education system;
- (ii) Reducing inefficiencies and addressing the management gaps in public education;
- (iii) Delivering better quality education to the children in the province of Sindh; and
- (iv) Encouraging greater private sector investment in the education sector, in particular in the rural and less developed areas of the province of Sindh.

2.2 PROGRAM STRUCTURE

2.2.1 The Authority's objective is to implement the Program for public schools in the province of Sindh.

2.2.2 The Program shall be structured as a multi-year (e.g. 10 year) **Management Contract** (with a possibility of extension for a further period and annual audit based review on performance) which shall include, *inter alia*, the responsibility of managing and operating certain public schools and achieving the Key Performance Indicators (KPIs) set by the Government (a "**Concession Agreement**"). The ownership of the public schools will remain with the Government; however, the right to operate and run such public schools will vest with the private party or EMOs ("**Operator**"). The program is focused on the non-SBEP (Sindh Basic Education Program) schools.

- 2.2.3 For the duration of the given Concession Agreement, the relevant Operator will be responsible for managing the public school(s) assigned to such Operator along with managing the government and non-government teachers and other school staff. Further detail on the performance criteria to be met by the Operator will be provided to Prequalified Bidders at a later stage in this process.
